**Notes:** Pay attention to the punctuation in the gloss column; as in a lexicon, semicolons and commas are significant in categorizing semantic ranges. In the Gromacki card # column, an entry of '9999' indicates a word that does not have a card in that set. This is usually (but not always) a proper name.

*Errata* are welcome; see <<http://faculty.bbc.edu/rdecker/contact.htm>> to submit them to me. Thanks.
